Present Land Use/Zoning/General Plan Designation:

Citywide

Project Description: (please use a separate page if necessary)

The Housing Element is a State-mandated policy document that is a component of the Huntington Beach General Plan. To comply with State law, the City is updating its Housing Element to ensure City policies and programs can accommodate estimated housing growth need identified by the Southern California Association of Governments (SCAG). Huntington Beach's current 5th Cycle Housing Element was adopted in September 2013 for the 2013-2021 planning period and subsequently certified by the State of California Department of Housing and Community Development (HCD) in October 2013. The City is currently developing the respective actions and programs for SCAG's 6th Cycle planning period, which covers years 2021-2029. Huntington Beach was allocated 13,368 dwelling units to accommodate the existing and projected regional housing for all income levels. The City is not required to build dwelling units to meet the 13,368 dwelling unit allocation, only to identify potential sites and create the framework to provide the market with the opportunity to develop these dwelling units. The Housing Element will explore opportunities to accommodate projected regional housing needs through current production (construction of dwelling units), entitled (approved but not constructed) dwelling units, and the availability of properly zoned land that can accommodate additional growth.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
