Notice of Intent to Adopt a Mitigated Negative Declaration for the Proposed Gualala Shoulder Widening and Rumble Strip Project

## WHAT IS BEING PLANNED

The California Department of Transportation (Caltrans) proposes to realign the roadway, widen the shoulders, create rumble strips, install guardrail and supporting retaining walls, replace and extend culverts, and relocate utility poles on State Route 1 (SR 1) at two locations north of Gualala in Mendocino County, from postmiles (PM) 6.4 to 6.8 between the intersection of Havens Neck Drive and Gypsy Flat Road (Rd) and from PM 9.2 to 9.5 between Signal Port Creek Rd and Iversen Point Rd. The purpose of this project is to improve highway safety conditions for non-motorized vehicles throughout project limits on SR 1. The project is needed to reduce the frequency and severity of collisions occurring along the project limits and improve highway facility conditions for bicyclists and pedestrians.
