

NOTICE OF AVAILABILITY AND INTENT TO ADOPT A MITIGATED NEGATIVE DECLARATION

This may affect your property. Please read:

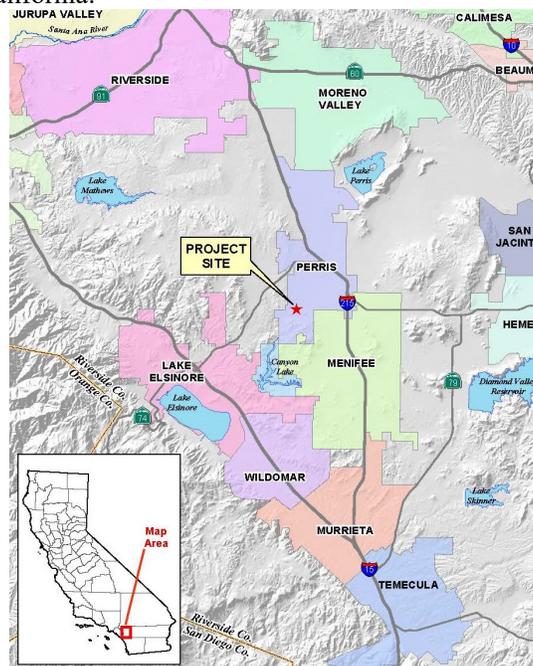

Notice is hereby given that the Development Services Department of the City of Perris hereby intends to adopt Mitigated Negative Declaration 2362 on September 29, 2021 for the project described below:

CASE NO: Environmental Assessment PLN 18-05234 (aka Ethanac Road Bridge Project)

APPLICANT: Stuart McKibben, City Engineer
City of Perris

PROPOSAL: The Project site is located along the existing Ethanac Road alignment extending across the San Jacinto River in the City of Perris, Riverside County, California, on Assessor's Parcel Numbers 330-130-010, 330-130-027, 330-130-034, 330-160-002, 330-160-007, and 330-160-008. The Bridge will be constructed in one or more phases. The Bridge, in its ultimate condition, is proposed to be approximately 113 feet 6 inches wide and will accommodate one 14-foot wide interior travel lane, two 12-foot wide travel lanes, a 4-foot wide shoulder, and a 10-foot wide multipurpose trail in each direction. The travel lanes in both directions will be separated by a 4-foot wide raised median. The ultimate Bridge will be supported on four column piers and two seat cantilever abutments on its east and west ends. The columns will rest on 4-column piers approximately 35 feet by 35 feet in size, which will be located on top of the underlying bedrock. The Project includes the construction of an approximately 450-foot long bridge (between abutments) crossing the San Jacinto River (in an east-to-west direction) at Ethanac Road (the Bridge) along with approximately 625 linear feet of road improvements to connect the paved portion of Ethanac Road east of the River to the proposed Bridge, approximately 540 linear feet of road improvements to extend Ethanac Road from the westerly Bridge abutment, and four water quality basins, storm drains to connect the water quality basins that will discharge treated runoff into the River. The Bridge is proposed to be approximately 78-feet 6 inches wide and will accommodate two 14-foot wide interior travel lanes, two 12-foot wide outside travel lanes, a 4-foot wide shoulder with a 10-foot wide multi-purpose trail on the westbound side, a 5-foot wide Class II bike lane on the eastbound side, and a 4-foot wide painted median. The Bridge will be an approximately 7-foot thick Cast-in-Place Pre-Stressed (CIP/PS) concrete box supported on triple column piers and two seat cantilever abutments on its east and west ends. The proposed Project will include street lighting along the Bridge and the extension of Ethanac Road for safety. These lights will be consistent with the existing lighting on Ethanac Road.

LOCATION: The Project site is located along the existing Ethanac Road alignment extending across the San Jacinto River in the City of Perris, Riverside County, California.

ENVIRONMENTAL DETERMINATION: An Initial Study has been prepared for the proposed project, which determined that, subject to mitigation measures, there is no substantial evidence of adverse environmental effects. Therefore a Mitigated Negative Declaration (MND) has been prepared.

DOCUMENT REVIEW PERIOD: The Mitigated Negative Declaration (MND) and the Initial Study is available for review **beginning September 29, 2021** and **ends on October 28, 2021** at the City of Perris Planning Division, 135 North “D” Street, Perris, CA 92570. A copy of the Initial Study can be viewed at the following webpage:

<https://www.cityofperris.org/departments/development-services/planning/environmental-documents-for-public-review>

PUBLIC COMMENT: A 30-day public comment period will commence from the time indicated above. Comments on the adequacy of the MND and Initial Study analysis and the appropriateness of the project must be made in writing, indicating the section of concern no later than October 28, 2021. All written comments must be sent to the City of Perris Development Services Department – Planning Division, Attention: Richard Smeaton–Project Planner, 135 North “D” Street, Perris, CA 92570-1906. Comments may include additional or alternative mitigation measures to those proposed in the MND and Initial Study documents. Prior to the adoption of the MND, any person may also appear in person to voice support of or opposition to the project.

The Director of Development Services, after reviewing written feedback or verbal comments, could recommend approval of an alternative proposal for the above project, including any changes to the proposal. Any person challenging this project in court, may be limited to raising only those issues identified in writing prior to adoption date of the Mitigated Negative described in this notice.

LEAD AGENCY CONTACT PERSON: Richard Smeaton, Project Planner (408) 430-2203 or e-mail via rsmeaton@interwestgrp.com
