**Re: Correction on the End Date of Local Review Period for the City of Sunnyvale's
Moffett Park Specific Plan Draft Environmental Impact Report (SCH# 2021080338)**

To Office of Planning and Research:

We are requesting an update to the published listing for the Moffett Park Specific Plan Project's Draft Environmental Impact Report (EIR), SCH# 2021080338. On the State Clearinghouse project page, the local review period end date is listed incorrectly as April 11, 2023. The date should be updated to February 10, 2023 for accuracy and for consistency with the state review period end date.

Please contact Michelle King, Principal Planner, at mking@sunnyvale.ca.gov or (408) 730-7463 if you have any questions or need more information.

Sincerely,

Shaunn Mendrin
Planning Officer
