Project Title: Camp-Pendola Forest Restoration

Project Applicant: Wildlife Conservation Board (WCB)

Project Location - Specific: Tahoe National Forest, approximately 3 miles west of Camptonville.

Project Location – Nearby city: Camptonville

Project Location - County: Yuba

Description of Nature, Purpose, and Beneficiaries of Project: This project will enhance forest health, meadow function, and reduce hazardous fuels through selective thinning and reforestation activities on approximately 550 acres in Tahoe National Forest. WCB Project ID: 2020141.

Name of Public Agency Approving Project: Department of Fish and Wildlife, WCB

Name of Person or Agency Carrying Out Project: John P. Donnelly, Executive Director, WCB

Exempt Status: (Check One)

Ministerial (Sec. 15268):

Declared Emergency [Sec. 15269 (a)]:

Emergency Project [Sec. 15269 (b) and (c)]:

Categorical Exemption. State Section number and type: 15301 Existing Facilities; 15304 Minor Alterations to Land

Statutory Exemptions, State code Number: PRC Section 4799.05(d)

Reasons why project is exempt: Pursuant to Public Resources Code Section 4799.05, subdivision (d), CEQA does not apply to prescribed fire, thinning, or fuel reduction projects undertaken on federal lands to reduce the risk of high-severity wildfire that have been reviewed under the federal National Environmental Policy Act (NEPA), under specified circumstances. On February 7, 2020, the Secretary of the California Natural Resources Agency certified that the exemption in Public Resources Code Section 4799.05 should remain in effect. NEPA review for the work to be conducted under the project has been completed through the Camp Project Environmental Assessment and Decision Notice/Finding of No Significant Impact prepared by Tahoe National Forest and made available on May 6, 2013 and the Pendola Post-Fire Restoration Project – Carden Valley CE and associated Decision Memo made available on August 4, 2016. The proposed activities are within the scope of ROD and Decision Memos. In addition, were CEQA applicable to the project, the activities comprising the project would constitute maintenance of Existing Facilities (Class 1), such as topographical features including wildlife habitat areas to protect wildlife resources, as well as Minor Alterations to Land (Class 4) and be Categorically Exempt from CEQA.
