

**WILLIAMS PIONEER REVIEW: Please publish on
Thursday, September 9, 2021.
POSTED: At the Colusa Courthouse on September 9, 2021**

**NOTICE OF PUBLIC HEARING
AND NOTICE OF INTENT TO ADOPT A MITIGATED NEGATIVE
DECLARATION**

NOTICE IS HEREBY GIVEN THAT the Colusa County Planning Commission will conduct a Public hearing on **November 3, 2021** at 9:00 a.m. in the Board of Supervisors Chambers located at 546 Jay Street, Suite 108, Colusa, CA, to consider the following:

Use Permit for California Renewable Carbon (PD-21-19) Proposed Resolution of the Planning Commission to adopt a Mitigated Negative Declaration and Mitigation, Monitoring, and Reporting Program for a Use Permit to California Renewable Carbon, LLC (CRC) to repurpose the former Olam processing facility. The proposed use will convert sustainably sourced biomass into renewable biocarbon products. The production process will be net water positive and carbon negative on a lifecycle basis. The facility also will significantly reduce regional air emissions by converting locally sourced biomass, such as orchard rotations and trimmings, into renewable biocarbon products. The proposed facility will use self-generated renewable biogas for process energy as well as generate and export renewable electricity to the grid. As a result of the energy export, upgrades to existing PG&E infrastructure from the proposed to the PG&E Williams Generating Station in the City of Williams is also required.

The production facility site is located at 6229 Myers Road in unincorporated Colusa County, approximately 1.4 miles south of the City of Williams at the northeast corner of the intersection of Myers Road and Old Highway 99 West (APNs -017-090-62 & 017-090-070). The 49± acre site currently accommodates the former Olam Tomato processing facility, comprising approximately 161,000 square feet of structures and supporting infrastructure including existing buildings with an additional 10,000 square feet of construction planned.

Documentation and information regarding the project may be obtained at the Community Development Department, 220 12th Street, Colusa, CA (530) 458-0480. If you have questions or concerns regarding this matter, or would like to submit comments you may do so to the following: Secretary to the Planning Commission, 220 12th Street, Colusa, CA (530)458-0480, or by e-mail at kjohanns@countyofcolusa.org. Additional documentation is available for review in accordance with Agenda Scheduling Deadlines at the Office of the Clerk of the Board, 547 Market Street, Ste. 102, Colusa, CA (530)458-0508

If you challenge the proposed project or environmental determination in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered at, or prior to, the public hearing.

Dated: September , 2021

ATTEST: Greg Plucker, Secretary to the
Planning Commission
