Project Description: (please use a separate page if necessary)

The applicant seeks approval of a vesting tentative map to subdivide the approximately 9.92-acre project site into 38 residential lots and seven common area parcels for private streets, detention basins, and open space areas. The residential lots range in size from 6,000 – 8,650 square feet. The common area parcels (Parcels A, B, C) range in size from 0.18 – 1.51 acres. Approximately two acres of the eastern portion of the property will remain as open space (Parcel D). The project also includes the demolition of the existing residence and accessory buildings on the project site to allow the construction of 38 residences and retaining walls up to 6 feet tall, and the construction of private streets and sidewalks. There will be approximately 101 code-protected trees removed, and work will occur within the dripline of an additional seven code-protected trees. There will be approximately 36,300 cubic yards of cut and fill.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
