**Present Land Use/Zoning/General Plan Designation:**

Land Use: vacant and developed property; Zoning/General Plan designation: all zoning and designations Citywide

**Project Description:** *(please use a separate page if necessary)*

The City is proposing to adopt an ordinance that establishes a Vehicle Miles Traveled (VMT) Mitigation Program with the intent to reduce Citywide VMT. The VMT Mitigation Program would identify relevant transportation demand management (TDM) strategies and VMT-reducing projects within the City to be funded by future developments that trigger potentially significant VMT impacts under the California Environmental Quality Act (CEQA). Potential VMT-reducing measures may include providing pedestrian/bicycle network improvements, traffic calming infrastructure, improved street connectivity, and City-run programs to incentivize use of alternative travel modes.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
