Vacant/General Industrial (IG), Industrial Park (IP)/Industrial Corridor (IC)

Project Description: (please use a separate page if necessary)

The proposed project would commence with removal of the existing slab foundations and paved parking surfaces. Following demolition and removal of foundations and parking surfaces, the project site would be developed with a new industrial campus. The proposed development would consist of two industrial buildings measuring approximately 232,653 square feet and 154,618 square feet, respectively; two employee patios/amenity areas; site landscaping; circulation; stormwater retention areas; and parking. Both buildings would be designed for occupation by industrial uses permitted or conditionally permitted in the IG zoning district, which could consist of, but not be limited to, manufacturing, research and development, e-commerce and logistics, warehouses and distribution, and wholesale establishments. Heavy industrial uses are not proposed.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
