The California Department of Transportation (Caltrans) issued a District Director's Order to repair a sinkhole on State Route 49 near PM R13.4, in Nevada County. Field investigation concluded the void under roadway was about 3-foot deep. Roadway material had been eroded away and resulted on the sinkhole. This problem must be arrested as soon as possible in order to avoid the failure of travel way. This project was needed to avoid failure or threat of failure to the transportation system, which can result in the loss or impairment of life, health, or property.
