## Middlefield Park Master Plan Project

### Project Title

<u>2021100026</u>	<u>Lindsay Hagan, Asst. Community Development Director</u>	<u>(650) 903-6306</u>
State Clearinghouse Number (If submitted to Clearinghouse)	Lead Agency Contact Person	Area Code/Telephone/Extension

Northeast corner of Ellis Street and East Middlefield Road and north of West Maude Avenue between Logue Avenue and Clyde Avenue in Mountain View, Santa Clara County

### Project Location (include county)

**Project Description:** The project would implement a large portion of the development envisioned by the East Whisman Precise Plan, which was adopted by the City in 2019. Implementation of the proposed project would allow for the demolition of the existing improvements (i.e., approximately 684,646 square feet of office uses, related surface parking areas, and landscaping) on-site and development of:

- Five office building locations totaling 1,317,000 square feet of office uses and resulting in 632,355 square feet of net new office square footage;
- Two affordable residential building locations and five residential mixed-use building locations with a total of up to 1,900 residential units (including up to 380 affordable units), up to 30,000 square feet of ground floor retail space, and 20,000 square feet of community/civic uses;
- Two stand-alone parking structures and integrated parking at all office and residential buildings for shared district parking within MPMP;
- Dedication of land to the City for three new future public parks totaling approximately 7.28-acres and construction of a 2.87-acre privately owned and publicly accessible park developed by the applicant, providing in total, up to 10.15 acres of park open space within the MPMP;
- New vehicular circulation, including up to six private streets and a modification to Logue Avenue (a public street), new on-street and off-street bicycle and pedestrian improvements, and new landscaping and trees; and
- As an option, the project could include a private district utilities system on-site with underground utility lines to serve some buildings within the MPMP with water, wastewater treatment, recycled water, geothermal energy (heating and cooling), and electric power. The private district utilities system, if provided, would include an approximately 45,000-square-foot Central Utility Plant (CUP), temporary air sourced heat pump, district distribution system, and microgrid system that would include rooftop photovoltaic panels and on-site storage batteries.

In addition to the improvements identified above, the project includes a Vesting Tentative Map to create up to 18 lots, up to 1,900 condominium lots, and up to 140 vertical lots within the MPMP. Other aspects of the MPMP include green building and emissions reduction features; construction activities; heritage tree removals and landscaping; site access, circulation, and parking; and a Transportation Demand Management (TDM) plan.

This is to advise that the City of Mountain View City Council has approved the  
Lead Agency    Responsible Agency

above described project on November 15, 2002 and has made the following determinations regarding the above described project.

(Date)

1. The project (will will not) have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.  
A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures (will be  were not) made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan ( was  was not) adopted for this project
5. A statement of Overriding Considerations ( was  was not) adopted for this project.
6. Findings (were were not) made pursuant to the provisions of CEQA.

This is to certify that the final Environmental Impact Report with comments and responses and record of project approval is available to the General Public at:

City of Mountain View Planning Division, 500 Castro Street, Mountain View, CA 94041
