Project Title: Glenn County Road Z over Angel Slough Emergency Bridge Project

Project Applicant: Glenn County Public Works Agency

Project Location - Specific:

The project is located at 39.468247 -121.93005 on Glenn County Road Z.

Project Location - City: Butte City Project Location - County: Glenn County

Description of Nature, Purpose and Beneficiaries of Project:

During a routine bridge inspection, Bent 15 of Bridge 11C-0075 was observed to be settling creating safety concerns regarding bridge loading capacity and overall general condition. The County decided to close the road to limit the potential for catastrophic failure or damage to the bridge caused by continued traffic. The bridge was closed on September 14, 2021 and remains closed. Detours have been established. The bridge is rated for 5 tons and regularly receives traffic from surrounding farms that could exceed that rating. Without the repair project, Bent 15 will continue to settle greatly increasing the chance of bridge failure.

The purpose of this project is to alleviate the settling at Bent 15 by installing two pony bents on either side of the failing bent. The pony bents will relieve vertical stress created by the weight of the bridge deck and vehicles passing over the bridge. Completion of the repair project will allow the County to open County Road Z to regular traffic.

Name of Public Agency Approving Project: Glenn County Public Works Agency

Name of Person or Agency Carrying Out Project: Glenn County Public Works Agency

Exempt Status: (check one):

- Ministerial (Sec. 21080(b)(1); 15268);
Declared Emergency (Sec. 21080(b)(3); 15269(a));
Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
Categorical Exemption. State type and section number:
Statutory Exemptions. State code number: 15269(b)(d) - Emergency Projects

Reasons why project is exempt:

The project is exempt as it involves the emergency repair to a bridge to maintain the facility for public use. The project is within the existing right-of-way of County Road Z and will fix an emergent structural deficiency discovered during a routine bridge inspection.

Lead Agency
Contact Person: Talia Richardson Area Code/Telephone/Extension: (530)934-6530 xt.310032

If filed by applicant:

- 1. Attach certified document of exemption finding.
2. Has a Notice of Exemption been filed by the public agency approving the project? Yes No
