Attachments: [Area-Section EIR RESPONSE CHECKLIST SCH #2021100367.docx](#)

Good afternoon,

Below is CHP's Telecommunications Section comment regarding this EIR.

The proposed project is to install a power distribution system in Gonzales and County of Monterey. They will build "power generation infrastructure (solar panels), electric power substation, electric power battery storage facility and the command and control system that is appurtenant to electric power infrastructure. "

Telecommunications Section has determined that in close proximity to the facilities, CHP's communications can potentially be compromised.

Regards,

Niko Thanopoulos

Niko,

Please review the attached Environmental documents for potential impact to local operations and public safety.

If you need assistance on how to proceed, please let me know.

Thanks,

e...

Subject: Environmental Document Review – SCH # 2021100367 -- Due to Lead Agency by 11/19/2021

Good afternoon,

Special Projects Section (SPS) recently received the referenced Notice of Environmental Impact document from the State Clearinghouse (SCH) outlined in the following Web site:

- [Gonzales Municipal Electric Utility Microgrid Project \(ca.gov\)](#)

- Due to the project's geographical proximity, please use the attached checklist to assess its potential impact to local operations and public safety. If impact is determined, responses should be e-mailed directly to the Lead Agency with cc to SCH and myself.

Please feel free to e-mail me if you have any questions.
