Subject: Sloughhouse Solar Facility Draft EIR (SCH# 2021100444) –Notice of Availability Revisions and Draft EIR Appendix Additions

Dear Sir or Madam:

Sacramento County Planning and Environmental Review (PER) submitted a Notice of Availability (NOA) and Draft EIR for the Sloughhouse Solar Facility to the State Clearinghouse on July 3, 2023. Subsequently, it was determined that the submitted NOA for the project includes typographical errors related to the public review period and that the Draft EIR appendices were not included in the submittal.

This letter is intended to inform the State Clearinghouse of these issues and to request the opportunity to submit a Revised NOA and add the Draft EIR appendices to the published document.

Thank you for your consideration. If you have any questions or comments regarding this letter, please contact Kevin Messerschmitt at (916)874-7941 or at messerschmittk@sacccounty.gov.

Sincerely,

Joelle Inman
