Project Description: (please use a separate page if necessary)

The Regional Transportation Plan is a transportation planning document prepared by the Lake Area Planning Council. The Plan provides a vision of regional transportation goals, policies and objectives for all modes of travel, including local streets and road, state highways, public transit, bicycle, pedestrian and aviation. It assesses current transportation conditions, identifies needs and problems, and suggests actions to solve these problems and improve transportation throughout the region. The Plan also considers financing options in relation to projects discussed within the Plan.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
