Project Description: The Project was approved for a residential subdivision that includes the development of seven single-family residences and associated infrastructure, including a southward extension of Crooked Creek Drive on a 12.9-acre undeveloped site. Access to the lots is proposed by extending and dedicating Crooked Creek Drive for public right-of-way purposes.
2. **Development Review** to approve the site, architectural and landscape design of a new residential development to ensure consistency with the General Plan, Development Code, and compliance with all applicable and design guidelines and standards.
