

**FINDING OF NO SIGNIFICANT IMPACT (FONSI)
NOTICE OF AVAILABILITY (NOA)**

Pursuant to USDOT Order 5610.1C, Paragraph 5.b

Date: 2/28/2024

To: State Clearinghouse
1400 Tenth Street
Sacramento, CA, 95814

From: California Department of Transportation

District 4 Office of Environmental Analysis
111 Grand Ave
Oakland, CA 94565

State Clearinghouse Number: 2021110045

Project Description:

The purpose of the State Route 37 Flood Reduction Project (Project) is to build resiliency to the effects of projected 2130 sea level rise and stormwater overtopping onto SR 37 from Post Mile (PM) PM R11.2 to PM 13.8 in Marin County. The Project proposes a causeway that would be 35 feet in elevation and consist of four 12-foot-wide lanes, a 22-foot-wide median with a 2-foot-wide median barrier, two 10 foot-wide inside shoulders, two 12-foot-wide outside shoulders, two 2-foot-wide outside barriers, and a barrier-separated 14-foot-wide bicycle or pedestrian path with a 2-foot-wide barrier, for a total roadway width of 114 feet. The Project does not propose tolling or long-term vehicular capacity increase on SR 37.

This is to advise you that a Finding of No Significant Impact (FONSI) has been made for this Project by the California Department of Transportation as assigned by the Federal Highway Administration pursuant to 23 USC 327. A copy of the FONSI and the attached Environmental Assessment can be obtained from the California Department of Transportation office located at the above address.
