**Present Land Use/Zoning/General Plan Designation:**

Qualified Heavy Industrial [(Q)M3-1]

**Project Description:** (please use a separate page if necessary)

The primary objective of the proposed Project is to ensure that the Phillips 66 marine oil terminal at Berths 148-151 complies with Marine Oil Terminal Engineering and Maintenance Standards (MOTEMS) to protect public health, safety, and the environment. The timber wharf at Berths 150-151 will be replaced with a new concrete wharf and associated equipment to comply with MOTEMS seismic and safety standards. The proposed Project includes temporary improvements at Berths 148-149 that would allow these berths to continue to be utilized while Berths 150-151 are being reconstructed. The proposed Project also includes consideration of a new 20-year entitlement (with two potential 10-year additional options) to Phillips 66 for continued operations at Berths 148-151.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

## Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".  
If you have already sent your document to the agency please denote that with an "S".
