**PROJECT LOCATION:** The project site is located southwest of the intersection of I-80 and Douglas Boulevard, beyond the terminus of South Harding Boulevard, in the City of Roseville, CA. The project site, identified by Assessor's Parcel Number 014-183-029, is vacant and covered in dirt and ruderal grasses. The northern portion of the parcel has been used seasonally as a Christmas tree lot and the entire parcel has been used as a construction staging area by the Caltrans. Surrounding land uses include single-family residences to the west and southwest, a commercial area to the north, and I-80 and an associated on-ramp to the east and southeast. The project site has a General Plan land use designation of Community Commercial (CC) and is zoned Planned Development (PD192).

**SUMMARY PROJECT DESCRIPTION:** Installation, operation, and maintenance of a two-sided electronic billboard, approximately 35 feet to 50 feet tall, with sign faces approximately 14 feet by 48 feet, at the eastern portion of the project site. The electronic display messages would be visible both from the northbound and southbound lanes of I-80. The display faces would be configured in a "V" angle to optimize views from I-80, and would be oriented to face away from the nearest single-family residences.

Ground disturbing activities associated with construction of the proposed project would be limited to auger drilling on the southeast portion of the parcel and worker vehicle circulation. Construction activities would take place between 7:00 AM and 7:00 PM Monday through Friday and between 8:00 AM and 8:00 PM Saturday and Sunday, in compliance with the City's Noise Ordinance. Construction would occur over approximately two weeks.

RESOLUTION NO. 22-017

ADOPTING THE INITIAL STUDY/MITIGATED NEGATIVE DECLARATION AND APPROVING THE MITIGATION MONITORING AND REPORTING PROGRAM FOR THE DIGITAL BILLBOARD SITE AT 260 S. HARDING BOULEVARD

WHEREAS, in April 2020, staff released the Digital Billboard Project Request for Proposals (RFP) and received three proposals; and

WHEREAS, in August 2020, staff rejected all proposals in order to further refine the scope of the Digital Billboard project and obtain direction from City Council; and

WHEREAS, in December 2020, staff issued a revised Digital Billboard RFP based on City Council direction; and

WHEREAS, in accordance with California Environmental Quality Act (CEQA), an Initial Study was prepared for the proposed project; and

WHEREAS, the Initial Study/Mitigated Negative Declaration (IS/MND) was made available for a 30 day public review and comment period from November 19, 2021 through December 19, 2021; and

WHEREAS, consistent with CEQA Guidelines Section 15097, a Mitigation Monitoring and Reporting Program (MMRP) has been prepared to assist with the tracking and implementation of required mitigation measures; and

WHEREAS, the Initial Study conclusion is that with implementation of all mitigation measures identified in the IS/MND and MMRP, all potential impacts would be reduced to less than significant and an MND is proposed to satisfy CEQA requirements; and

WHEREAS, staff recommends adoption of the IS/MND and approval of the MMRP to satisfy the project's CEQA requirements.
