RE: SCH#2021110414

The California Highway Patrol (CHP) Yuba-Sutter Area was requested to review environmental documents related to a proposed four-acre parking project. The primary concern is what impact would it have for vehicular traffic on Oswald Road near Railroad Avenue in Sutter County.

All though the traffic is typically minimal to mostly residents, there could potentially be a strain to traffic on Oswald Road near the intersection of Railroad Avenue as well as other county roads in the area which could lead to an increase in vehicle collisions. If the majority of the construction is off of the roadway there would be very little impact to traffic in the area. As with any possible road closures, there would need to be a plan in place to allow emergency vehicle response to any potential emergency incidents. If you have any questions, please do not hesitate to contact me or Sergeant Craig Howard at (530) 674-5141.

Sincerely,

A handwritten signature in blue ink, appearing to read "E. L. Walker".

E. L. WALKER, Captain  
Acting Commander  
Yuba-Sutter Area
