Dear Art Interiano:

The Department of Toxic Substances Control (DTSC) received a Draft Environmental Impact Report (DEIR) for the Mowry Village Project. Based on our project review, DTSC requests consideration of the following comment:

DTSC recommends that The Environmental Impact Report (EIR) should include a discussion of the contaminate history of the [Ohlone Community College District Site](#) and work proposed within the Undeveloped Parcel subject to land use restrictions will be conducted in accordance with the [Operation and Maintenance Agreement/Plan](#) executed on March 28, 2007.

DTSC appreciates the opportunity to comment on the Mowry Village Project DEIR. If you have any questions, please respond to this letter or via [email](#) for additional guidance.

Sincerely,

Dave Kereazis
