Good Morning Hector,

I called and was not able to leave you a voice message. Here are Caltrans's comments after reviewing the Response to Comment:

1. Proper coordination should be done between this development and the proposed SB 605/Beverly Boulevard Interchange Reconfiguration Project (EA 34140) to avoid conflict of work and schedules.
2. We agree on the proposed improvements and look forward to reviewing the post-opening traffic study (and the needed mitigation measures) after this development's construction AND another post-opening traffic study after the construction of Project EA 34140 if the Beverly Boulevard Warehouse Project was constructed earlier.
3. Truck deliverers/haulers shall take all necessary precautions to prevent debris from falling off the road (e.g. Tarp Cover) and other impediments on the roadway.

Please let me know if you have any questions.

Hello Alan,

I hope you are well. As a courtesy, I am sending you a PDF of the public notice for the 605-warehouse project that we are taking to public hearing on October 10.

Let me know if you have any questions.

Regards
