Re:	NOA Correction for the Folsom Center for Health Master Plan (SCH No. 2021120006)

A Notice of Availability (NOA) was released for the Folsom Center for Health Master Plan (Master Plan or project) Draft Environmental Impact Report (Draft EIR) on March 30, 2022, to solicit comments on the environmental analysis. Upon release of the NOA, an error in a portion of the NOA was identified such that the dates of the public review comment period were stated correctly in one place and incorrectly in another place. The revision is provided below, and the NOA with the corrected public review comment period dates is attached.

The following correction has been made to the second to last paragraph on page 2 of the NOA. New text is underlined, and deleted text is ~~strikethrough~~.

Public Review and Comment: The public review period for the Draft EIR starts on **March 30, 2022**, and ends on May 16 ~~9~~, 2022. Formal comments regarding the Draft EIR may be submitted in writing via mail or email and received by UC Davis prior to the close of the public review period. Written comments regarding the scope and content of the Draft EIR are due no later than **May 16, 2022, at 5:00 pm**.
