Present Land Use/Zoning/General Plan Designation:

Industrial warehouse uses / Heavy Industrial (MH) / Light Industrial

Project Description: (please use a separate page if necessary)

Architectural review of three development scenarios for redevelopment of an existing Heavy Industrial (MH) zoned parcel occupied by 747,424 square feet of industrial warehouse buildings and 130,00 square feet of covered truck loading docks and surface parking. The proposal is to demolish the existing structures and site improvements to construct three Class "A" speculative buildings totaling up to 890,000 square feet for warehousing and/or data center uses, associated parking, on- and off-site improvements and landscaping. The proposal includes subdivision of the parcel into three separate parcels and the addition of new ingress and egress driveways along the project frontages.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
