### Yuba Water Agency Shallow Groundwater Monitoring Wells

- Proposed Monitoring Well Site
- Potential Work Area
- Township/Range/Section
- Public Right-of-way Boundary
- A — A'  
Cross-Section A-A'

\*Note 1: Existing utilities are not shown. Contractor shall verify the locations of all utilities that may be affected by the work via Underground Service Alert, use of a third-party utility locator, and coordination with utility owners. Each location will be hand augered to 5 feet below ground surface. If there is any conflict with the current boring location, the location will be modified to avoid any utilities with confirmation from Yuba Water Agency. Any costs associated with damage to existing utilities that results for the Contractor's operations, and any costs incurred by the interruption of service caused by such damage, shall be the Contractor's responsibility.

\*Note 2: Well will be completed with a traffic-rated, flush-mount, locking vault.

Projection: CA SP II NAD83  
Well Data: DWR, YWA  
Map Prepared: July 2021
