1625 South Main Street
Yreka, CA 96097
Contact: Merissa Hanisko
Phone: (530) 841-2568

For U.S. Mail:
P.O. Box 3044
Sacramento, CA 95812-3044

Street Address:
1400 Tenth Street
Sacramento, CA 95814

LEAD AGENCY (if different from above):
California Forestry and Fire Protection
6105 Airport Road
Redding, CA 96003
Contact: Jonathan Woessner
Phone: (530) 244-2438

SUBJECT: Filing of Notice of Determination pursuant to § 21108 of the Public Resources Code

Project Title: Streambed Alteration Agreement No. 1600-2021-0089-R1 "H. Jones" Nonindustrial Timber Management Plan (NTMP) 2-21NTMP-00005-SIS.

Project Location: The project is located on unnamed tributaries to Little Shasta River, and on Muskgrave Creek tributary to Meiss Lake in the Upper Little Shasta River (1105.500901) and Ikes Ranch (1105.810302) Planning Watersheds, in the County of Siskiyou, State of California; Township 45N, Range 03W, section 10 and Township 46N, Range 03W section 24; Mount Diablo base and meridian; U.S. Geological Survey 7.5-minute quadrangle map Panther Rock.

Project Description: The project is limited to seven encroachments including replacement of two Class III native surfaced ford crossings with rocked ford crossings, replacement of one Class III existing temporary crossing with a rocked ford, construction of one new rocked ford on a Class II watercourse, construction of one new vented rock armored ford on a Class II watercourse, construction of one new in-stream drafting site on a spring fed Class II watercourse, and removal of debris at the inlet and outlet and possible culvert replacement at an existing Class II crossing, as described on pages 33 and 39 through 42 and shown on maps on pages 66 and 67 of the NTMP.

This is to advise that the Department of Fish and Wildlife (CDFW), acting as the lead agency / a **responsible agency** approved the above-described project on the date signed below and has made the following determinations regarding the above described project:

1. The project will / will not have a significant effect on the environment. (This determination is limited to effects within CDFW's jurisdiction when CDFW acts as a responsible agency.)
 2. An environmental impact report / A negative declaration / A nonindustrial timber management plan was prepared for this project pursuant to CEQA.
 3. Mitigation measures were / were not made a condition of DFW's approval of the project.
 4. A Statement of Overriding Considerations was / was not adopted by DFW for this project.
 5. Findings were / were not made by CDFW pursuant to Public Resources Code § 21081(a). The Department did, however, adopt findings to document its compliance with CEQA.
 6. Compliance with the environmental filing fee requirement at Fish and Game Code § 711.4 (check one):
 - Payment is submitted with this notice.
 - A copy of a receipt showing prior payment is on file with CDFW.
 - A copy of the CEQA Filing Fee No Effect Determination Form signed by CDFW is attached to this notice.
- Lead Agency certification: CDFW, as Lead Agency, has made the final EIR with comments and responses and record of project approval, or the Negative Declaration, available to the General Public at the CDFW office identified above.
- Responsible Agency statement: The final EIR, Negative Declaration, or NTMP that was prepared by the Lead Agency for this project is available to the General Public at the office location listed above for the Lead Agency. CDFW's CEQA Findings are available at the CDFW office identified above.

**CALIFORNIA DEPARTMENT OF FISH AND WILDLIFE
CALIFORNIA ENVIRONMENTAL QUALITY ACT FINDINGS FOR
STREAMBED ALTERATION AGREEMENT No. 1600-2021-0089-R1**

Introduction

The California Environmental Quality Act (CEQA) (Public Resources Code Section 21000, *et seq.*) and the State CEQA Guidelines (Guidelines) (Section 15000, *et seq.*, Title 14, California Code of Regulations) require that no public agency shall approve or carry out a project for which a Nonindustrial Timber Management Plan (NTMP) has been completed that identifies one or more significant effects, unless the agency makes the following finding as to each significant effect:

Changes or alterations have been required in, or incorporated into, the project which mitigate or avoid the significant effects on the environment.

The NTMP is a certified state regulatory program that provides a substitute document to a Negative Declaration or Environmental Impact Report, pursuant to Guidelines Sections 15251 and 15252. As the lead agency for the NTMP, the California Department of Forestry and Fire Protection (CALFIRE) certified the NTMP for the Project on November 8, 2021. The Department of Fish and Wildlife (CDFW) found that the Project will not result in significant environmental effects with the mitigation measures required in or incorporated into the Project.

CDFW is entering into Streambed Alteration Agreement (Agreement) **No. 1600-2021-0089-R1** with **Mr. Howard Jones**. The project is located on unnamed tributaries to Little Shasta River, and on Muskgrave Creek tributary to Meiss Lake in the Upper Little Shasta River (1105.500901) and Ikes Ranch (1105.810302) Planning Watersheds, in the County of Siskiyou, State of California; Township 45N, Range 03W, section 10 and Township 46N, Range 03W section 24; Mount Diablo base and meridian; U.S. Geological Survey 7.5-minute quadrangle map Panther Rock.

Because CDFW is issuing the Agreement, it is a Responsible Agency under CEQA for the Project. As a CEQA Responsible Agency, CDFW is required by Guidelines Section 15096 to review the environmental document certified by the Lead Agency approving the projects or activities addressed in the Agreement and to make certain findings concerning a project's potential to cause significant, adverse environmental effects. However, when considering alternatives and mitigation measures approved by the Lead Agency, a Responsible Agency is more limited than the Lead Agency. When issuing the Agreement, CDFW is responsible only for ensuring that the direct or indirect environmental effects of activities addressed in the Agreement are adequately mitigated or avoided. Consequently, the findings adopted or independently made by CDFW with respect to an Agreement's activities are more limited than the findings of the Lead Agency funding, approving, or carrying out the project activities addressed in such Agreements.

Findings

CDFW has considered the NTMP adopted by CALFIRE. CDFW has independently concluded that the Agreement should be issued under the terms and conditions specified therein. In this regard, CDFW hereby adopts the findings of CALFIRE, as set forth in the NTMP insofar as they pertain to the Project's impacts on biological resources.
