Supervising Regional Planner  
Environmental Planning & Sustainability Section

**SCH # 2021120568**  
**LOS ANGELES COUNTY DEPARTMENT OF REGIONAL PLANNING**  
**LOS ANGELES COUNTY 2045 CLIMATE ACTION PLAN**

A Notice of Availability (NOA) for the Recirculated Draft Environmental Impact Report was submitted on March 23, 2023 and posted on March 24, 2023. The website address to the location of materials is <https://planning.lacounty.gov/long-range-planning/climate-action-plan/documents/>. The website address is correct but the hyperlink routes to an incorrect location when clicked on.

It is requested that the NOA, with the corrected hyperlink, be uploaded in place of the NOA submitted on March 23, 2023. This will eliminate any confusion should a user click on the link rather than type it into a browser.

This will not affect the public review period for the project as the public review starts on March 30, 2023 and ends on May 15, 2023.
