Present Land Use/Zoning/General Plan Designation:

Utility Corridor

Project Description: (please use a separate page if necessary)

The Applicant proposes to construct, operate, and maintain an approximately 6.5 mile-long electrical transmission line across a portion of Edwards Air Force Base (AFB), California. The purpose of the Proposed Action is to support public interest by granting an easement for land within an approved utility corridor on Edwards Air Force Base. This easement would allow the conveyance of energy produced by the Applicant's future photovoltaic solar facility to a Southern California Edison substation.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
