Description of Nature, Purpose and Beneficiaries of Project:

Golden Bear Market & Gas is proposing drainage improvements within Caltrans' right-of-way along the westbound lane of State Route 299 in Shasta County at post mile 53.15 in the community of Round Mountain. The proposed drainage improvements, which are part of a larger project that would renovate the property the business is located on, would include constructing a drainage swale that is approximately 3 feet wide and 40 feet in length with 4:1 side slopes that would collect stormwater runoff from an adjacent parking area and convey it to an existing roadside ditch. The roadside ditch that is approximately 300 feet long would be graded to 4:1 side slopes because it is within the clear recovery zone. Rock slope protection would be placed at the inlet and outlet of an existing 12-inch diameter stormdrain pipe that conveys roadside runoff under the access driveway to the business. Other improvements within the right-of-way include capping an existing sewer lateral and abandoning it in place. The project would result in less than 1-acre of ground disturbance within the right-of-way.
