Dear Jessica Martinez:

The California Department of Fish and Wildlife (Department) has reviewed the Mitigated Negative Declaration (MND) for the above-referenced project (Project). The Department reviewed the original project on this property that created the remainder parcel and the early consultation document for the current proposal and had no comment on either document. If the Project description changes in any way or additional biological resource information becomes available, the Department should be notified and provided an opportunity to offer comments regarding the updated information.

We appreciate the opportunity to review this Proejct. If you have any questions, please contact Kristin Hubbard at R1CEQARedding@wildlife.ca.gov.
