Project Description (Proposed actions, location, and/or consequences).

The City of Norwalk (City) is preparing a Bicycle Master Plan (BMP), which establishes the City ' s vision and comprehensive approach to improving biking in Norwalk. The BMP is a program level planning document that lays out the steps for the City to promote and enhance biking in the City. The BMP identifies facility needs, recommended improvement projects, programs, and policies intended to encourage biking throughout Norwalk.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Possible issues pertaining to biological resources, cultural resources and geology and soils during project construction could be mitigated with the mitigation measures found in the IS/MND.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.
