**Project Description:** *(please use a separate page if necessary)*

The Project proposes to make significant exterior and interior improvements to the San Marino Center (SMC), which is eligible for listing to the National Register of Historic Places, is on the California Register of Historical Resources, and which is a City Landmark under San Marino City Code, Chapter XXIII, Article 18 Section 23.18.03 (A). The exterior upgrades will change the existing architectural style of the building façade from "Modern Colonial Revival" to a "Spanish Mediterranean" architectural style which is similar to that of the adjacent Crowell Library. Building interior upgrades include but are not limited to: adding offices to accommodate six City Recreation Department staff; optimizing the interior public gathering space; replacing to current standards the heating/air conditioning, plumbing, electrical systems; and replacing the period light fixtures and flooring with modern fixtures and flooring. Other updates include various exterior and interior improvements for compliance with the Americans with Disabilities Act. The current plans were found to be inconsistent with the Secretary of the Interior Standards for the Treatment of Historic Properties during a recent cultural resources review performed for the Project.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
