Project Description (Proposed actions, location, and/or consequences).

A Site Approval application to expand an existing religious assembly facility to include the construction of 5,085 square foot two-story building. The first floor will serve as a 3,300 square foot dining room. The second floor will serve as a 1,785 square foot meditation room. The facility was previously approved for 81 attendees, and no increase in attendees is proposed with this application. The project site is served by an on-site well for water, a septic system for sewage disposal, and an on-site storm pond for storm drainage. The project site has direct access from East Foppiano Lane.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The Natural Diversity Database list the Swainson's hawk (*Buteo Swainsoni*) and the burrowing owl (*Athene cunicularia*) as rare, threatened, or endangered species in the project vicinity. There is no riparian habitat or natural waterways in the project vicinity. The San Joaquin Council of Governments (SJCOG) has determined that the project is subject to the San Joaquin Multi-Species Habitat Conservation and Open Space Plan (SJMSCP), and the applicant has confirmed that they will participate. As a result, participation in the SJMSCP, and will be included in the conditions of project approval for this proposal, and participation will be required prior to issuance of any building permits. Pursuant to the Final EIR/EIS for San Joaquin County Multi-Species Habitat Conservation and Open Space Plan (SJMSCP), dated November 15, 2000, and certified by SJCOG on December 7, 2000, participation in the SJMSCP is expected to reduce impacts to biological resources resulting from the proposed project to a less-than-significant level.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.
