SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code § 21108

State Clearinghouse Number: 2022010218

Project Title: Blackwell's Corner CAPM Project (California Endangered Species Act Incidental Take Permit No. 2081-2023-029-04 (ITP))

Project Location: The Blackwell's Corner CAPM Project (Project) is located on State Route (SR) 33 between postmiles 40.4 and 59.3, approximately 6.6 miles northwest of McKittrick, north to Blackwell's Corner, within Kern County.

Project Description: The Project includes repaving SR 33 between PMs 40.4 and 59.3, adding 4-foot-wide paved shoulders along both sides of the highway in areas where the shoulder does not exist or is narrower than 4 feet, and extending, replacing, or repairing 19 culvert facilities within this section. Project work is anticipated to start in winter 2023 and be completed by fall 2024. The start date may be delayed by winter weather until spring 2024. Caltrans anticipates a total of 180 working days, which includes 60 nights.

The Project will result in 17.103 acres of temporary and 47.642 acres of permanent impacts to San Joaquin antelope squirrel (*Ammospermophilus nelsoni*) and San Joaquin kit fox (*Vulpes macrotis mutica*) habitat. The project is expected to result in incidental take of San Joaquin antelope squirrel and San Joaquin kit fox, which are both designated as threatened species under the California Endangered Species Act. The ITP referenced above as issued by CDFW authorizes incidental take of species listed under CESA that may occur as a result of Project implementation. The ITP was reissued to correct an editing error.

This is to advise that CDFW, acting as [the lead agency / a responsible agency] approved the above-described project on 11/16/2023, and made the following determinations regarding the above-described project:

1. The project [will / will not] have a significant effect [on the environment (This determination is limited to effects within CDFW's permitting jurisdiction as a responsible agency).
2. An environmental impact report / A mitigated negative declaration was prepared by the lead agency for the original project.
3. Additional mitigation measures [were / were not] made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan [was / was not] adopted by CDFW for this project.
5. A Statement of Overriding Considerations [was / was not] adopted by CDFW for this project.
6. Findings [were / were not] made by CDFW pursuant to Public Resources Code § 21081(a). CDFW did, however, adopt findings to document its compliance with CEQA.
7. Compliance with the environmental filing fee requirement at Fish and Game Code § 711.4 (check one):
 - Payment is submitted with this notice.
 - A copy of a receipt showing prior payment was submitted to CDFW.

Notice of Determination

- Responsible Agency statement: The Mitigated Negative Declaration prepared by the lead agency for the Project is available to the general public at the office location listed above for the lead agency. CDFW's administrative record of proceedings related to the incidental take permit is available to the public for review at CDFW's regional office.
