Project Title: Poplar at Golf Course Trash Capture Project

Project Applicant: City of San Mateo

Project Location (include county): Immediately north of the intersection of East Poplar Avenue and North Bayshore Boulevard and adjacent to the Poplar Creek Golf Course within a concrete-lined drainage channel in the City of San Mateo, San Mateo County, California.

Project Description:

The project would involve installation of a full trash capture device that is approved by the State Water Resources Control Board within a concrete lined drainage channel at the location immediately north of the intersection of East Poplar Avenue and North Bayshore Boulevard. The trash capture device would include four screens which would be prefabricated, would be installed at two-foot intervals along a three-foot high by one-foot wide concrete weir wall, and would be secured with stainless steel anchor plates. The project would also provide native vegetation enhancement along Poplar Creek within the Poplar Creek Golf Course to offset project impacts to the Poplar Creek. The project would enhance approximately 1,000 square feet (0.02 acre) of stream. Temporary irrigation would be installed, and a monitoring program would be instituted to ensure that the plantings for enhancement establish.

This is to advise that the City of San Mateo has approved the above
