Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project, (e.g. Notice of Preparation or previous draft document) please fill in.

Project Description: (please use a separate page if necessary)

Request to subdivide a 30.17± gross acre parcel into three 10± gross acre parcels in the A-2-10 (General Agriculture, 10-Acre Minimum) zoning district. Exceptions to the County's Subdivision Ordinance are requested for one parcel not fronting on a County-maintained road, and for another not meeting the width-to-depth ratio design standard. Several irrigation easements exist on the project site and will cross all proposed parcels. Parcels 1 and 2 will have road frontage on River Road. A new access and irrigation easement is proposed as part of this request, located on proposed Parcels 1 and 2 for the benefit of landlocked Parcel 3 to access County-maintained River Road. The tentative parcel map shows this access easement as 20-foot-wide and private; however, a condition of approval applied by the Department of Public Works requires this easement to be 30-foot-wide and non-exclusive at the time of recording.
