 Other: Greenhouse Gases, Tribal Cultural Resources, and Energy Use

Present Land Use/Zoning/General Plan Designation:

Chicken Egg Ranch /General Agriculture (A72)/ Rural Lands 40 (RL-40)/

Project Description: (please use a separate page if necessary)

The project consists of a poultry manure processing facility (project or proposed project) that would process manure from the existing egg ranch operations and would not process manure from off-site locations. The existing Demler Brothers Egg Ranch currently houses roughly two million chickens that produce approximately 750 tons of manure per week. The project consists of constructing a 16,200 square foot (sf) manure processing facility, which includes conveyor belt system, manure drying system, sanitation device, cooler, and pelleting mill.

Note: The state Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
