Present Land Use/Zoning/General Plan Designation:

Consistent with the 2007 LRDP land use designation of Academic & Support.

Project Description: (please use a separate page if necessary)

The proposed project would demolish portions of the existing surface parking Lots 82 and 83 and a segment of Health Sciences Road that bisects the project site to construct an approximately 250,000-gross-square-foot (GSF) facility within the UCI West Campus to support collaborative, interdisciplinary, and innovative research in medicine and other health sciences disciplines. Proposed uses to be constructed within the new facility include academic, laboratory, research, administrative, and support space. An existing segment of Health Sciences Road currently bisects the project site. As part of the proposed project, the roadway segment would be realigned around the eastern boundary of the project site. Other site improvements would include an arrival court, terraces, native garden, patient drop-off area, 24-hour lighting, and ornamental landscaping.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
