Doc No.49-01252022-018

Project Title: West College Storage Facility Pumping Improvements

Project Applicant: City of Santa Rosa, Transportation and Public Works

Project Location – Specific: Three locations at MSCN Corporation Yard, 55 Stony Point Road, Santa Rosa, CA. One location is in a paved parking lot near Pond 1. Two locations are along Pfister Rd with one near the concrete sewer overflow basin, and one next to the multiple stockpile bays for construction aggregate. The locations are officially at 2100 W College Ave, but access is from 55 Stony Pt Rd.

Project Description: The project includes the installation of two mobile, diesel powered pumps (to replace the existing rented pumps) and fuel tanks, and construction of concrete spill containment structures (without roofs) to be located adjacent to two existing trunk sewer manholes along Pfister Rd. Manholes will be modified including the application of an Epoxy Coating. This work enables the City to pump sewage out of two existing trunk sewer manholes to temporarily divert large sewage flows into wet weather storage basins. This temporarily reduces flow to the Laguna Treatment Plant. Additionally, a spill containment concrete structure (with roof structure) will be constructed for a disinfection chemical tank at the West College Pump Station also located at MSCN a little further to the west closer to Pond 2.

Name of Public Agency Approving Project: CITY OF SANTA ROSA

Name of Person or Agency Carrying Out Project: Andy Wilt, (707) 543-3878

Exempt Status: (check one):

- Ministerial (Sec. 21080(b) (1); 15268);
