Project Title: Riverdale Park Tract Community Services District Water System Consolidation Project

Project Applicant: City of Modesto

Project Location (include county): City of Modesto, Stanislaus County, CA

Project Description:

The City of Modesto (City) is proposing to replace and upgrade the water system for the Riverdale Park Tract Community with approx. 8,550 linear feet of new water mains (4,724-lf of 12-in and 3,827-lf of 8-in diam.) and tie into the City's water system. The project would also destroy one active and one inactive groundwater well and permanently supply water to the community as a consolidation effort owned/operated by the City. Approx. 55 valves and 15 hydrants will also be replaced and/or added.

This is to advise that the City of Modesto has approved the above (input checked box) Lead Agency or (input empty box) Responsible Agency

described project on August 9, 2022 and has made the following determinations regarding the above described project.

- 1. The project [input empty box] will [input checked box] will not have a significant effect on the environment.
- 2. [input empty box] An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA. [input checked box] A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
- 3. Mitigation measures [input checked box] were [input empty box] were not made a condition of the approval of the project.
- 4. A mitigation reporting or monitoring plan [input checked box] was [input empty box] was not adopted for this project.
- 5. A statement of Overriding Considerations [input empty box] was [input checked box] was not adopted for this project.
- 6. Findings [input empty box] were [input checked box] were not made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:
