Project Title: Murrieta Water and Sewer Master Plan Project

Project Applicant: Western Municipal Water District

Project Location (include county): City of Murrieta, County of Riverside, California

Project Description:

The proposed project will construct sewer and water supply infrastructure improvements within the city of Murrieta. Construction under this project's scope is primarily within existing roads and public rights-of-way or within future planned roadways via trenching methods. Several facilities will be addressed at a programmatic level due to uncertain phasing or limited design details at this time, such as the Elsinore Valley Municipal Water District Supply Alternative, and the potential future water storage tank and associated pipelines. There are four water supply alternatives that have been provided by Western Municipal Water District (WMWD) that may be implemented.

This is to advise that the Western Municipal Water District has approved the above Lead Agency or Responsible Agency

described project on October 19, 2022 and has made the following determinations regarding the above (date) described project.

- 1. The project will will not] have a significant effect on the environment.
- 2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
- 3. Mitigation measures were were not] made a condition of the approval of the project.
- 4. A mitigation reporting or monitoring plan was was not] adopted for this project.
- 5. A statement of Overriding Considerations was was not] adopted for this project.
- 6. Findings were were not] made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:
