Project Description: *(please use a separate page if necessary)*

The Applicant proposes to construct and operate a utility-scale solar generating facility (proposed Project) proposed to be developed on approximately 826 acres within the City of Adelanto (City) in San Bernardino County (County). Solar electricity generated by the proposed Project would be delivered by the Baldy Mesa Solar Project's approximately five-mile generation-tie (gen-tie) and communication line that would extend to the Southern California Edison (SCE) Roadway substation. The proposed Project site would require a Location and Development Plan (LDP), Solar Energy Overlay Zone and Conditional Use Permit (CUP) from the City for facility construction, operation, and decommissioning.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
