Present Land Use/Zoning/General Plan Designation:
 Public Facilities/Residential Rural/Very Low Density Residential

Project Description: (please use a separate page if necessary)

Installation of an approximately 1-million-gallon (1 MG) aboveground water storage tank, booster pumps, and ancillary equipment associated with previously approved groundwater supply facilities at the existing Dublin Plant site. The storage tank will be approximately 86 feet in diameter and 30 feet tall. The project is located within a 2.18-acre parcel on the south side of Dublin Drive, approximately 350 feet west of Road 37 3/4 in the unincorporated community of Madera Ranchos in Madera County, California (APN# 049-140-020). The MND includes a CEQA Initial Study evaluating the potential effects of the project and concluding that with implementation of mitigation the project would not have a significant effect on the environment.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
