## Public Works / Planning & Building / Parks / Integrated Waste

---

Steve Loupe, Interim RMA Director

To OPR State Clearinghouse,

Can you please attach an updated appendices to SCH 2022020429 FOR County File PLN200051 Lee Subdivision Project Draft Environmental Impact Report? The attached appendices is an update to the project description for the PUD application, where two incorrect references to the existing RM zoning standards that were included in the development standards table. The attached corrects the values for maximum height (35-feet) and maximum coverage (50 percent), formerly referenced as 30-feet and 40 percent. The proposed project complies with these two existing County standards.

Thank you,

**Arielle Goodspeed**
