ATTACHMENT A BACKGROUND, PROJECT DESCRIPTION AND JUSTIFICATION FOR CEQA EXEMPTIONS

1.0 PROJECT BACKGROUND

The City of Los Angeles (City)/Housing Authority of the City of Los Angeles (HACLA) is proposing to acquire the project site, located at 6521-6527 Brynhurst Avenue, which is currently under construction to develop a multi-family building to house individuals and households experiencing homelessness or at risk of experiencing homelessness as defined in Section 578.3 of Title 24 of the Code of Federal Regulations. Although HACLA has already begun construction to develop a multi-family building on the project site, the proposed project discussed in the attached CEQA Notice of Exemption (NOE) only includes acquisition of the project site located at 6521-6527 Brynhurst Avenue.

The proposed project would be funded by the City, using City funds. A portion of the acquisition cost will be funded by the state using federal Coronavirus Fiscal Recovery Funds.

Homelessness in the City of Los Angeles and Los Angeles County

The 2020 Greater Los Angeles Homeless Count counted 41,290 persons experiencing homelessness in the City of Los Angeles in January 2020, before the impacts of the Covid-19 pandemic occurred in California. The 2020 Count enumerated 66,436 persons experiencing homelessness in Los Angeles County. About 59 percent of people experiencing homelessness in Los Angeles County cited economic hardship as the main reason they became homeless.¹

Demographic Characteristics

Selected demographic data for persons experiencing homelessness in Los Angeles County identified by the 2020 Count are presented in **Table 1**.

Table 1
**SELECTED DEMOGRAPHIC INDICATORS, PERSONS EXPERIENCING HOMELESSNESS,
LOS ANGELES COUNTY, JANUARY 2020**

	Numbers	Percent of Total
African American	22,389 ¹	33.7
Hispanic/Latino	23,983 ¹	36.1
White	16,941 ¹	25.5
Other Ethnic Groups/Multi-Racial	3,122 ¹	4.7
Senior (aged 62+)	6,290	9.5
Families (at least one adult over 18 with at least one dependent child under 18)	12,817	19.3
Veterans	3,902	5.9
Substance Abuse Disorder	15,203	27.0 ²
Serious Mental Illness	14,125	25.1 ²
Substance Abuse Disorder and/or Serious Mental Illness	23,051	41.0 ²

¹ Op Cit, Los Angeles Homeless Services Authority, 2020.

¹ The numbers indicated were calculated from the countywide total (66,436) based on the percentages, and were not provided in the source document.

² The percentages indicated are of the population experiencing homelessness aged 18+, not the total population.

2.0 PROJECT DESCRIPTION

The Housing Authority of the City of Los Angeles (HACLA) is proposing to purchase the project site, located at 6521-6527 Brynhurst Avenue, in the West Adams – Baldwin Hills – Leimert neighborhood within the City of Los Angeles, for future use as interim or permanent housing for persons experiencing homelessness. The project site is approximately 0.43-acre and its accessor parcel number (APN) is 4006020047.²

Refer to **Figures 1** and **2** below, which depict the project’s location and existing site photographs.

General Plan Land Use and Zoning

The project site has a General Plan land use designation of Medium Residential and a zoning designation of Multiple Dwelling Zone (R3-1) (Refer to **Table 2**).³

Surrounding Development

The project site is surrounded by multi-family homes to the north, single- and multi-family homes to the south and east, and a convalescent hospital to the west.⁴ Refer to **Table 2**, which details the project site and surrounding area’s General Plan land use and zoning designations.

Project Operations

The proposed project would acquire the project site. Although the project site is under construction to develop a multi-family housing building for use as interim or permanent housing, the proposed project would only acquire the project site. Therefore, there would be no operational phase of the proposed project.

3.0 REASONS WHY THE PROJECT IS EXEMPT

The proposed project is exempt from CEQA under one categorical exemption.

Categorical Exemption

Class 32 (CEQA Guidelines Section 15332): In-fill Development Projects

Class 32 consists of projects characterized as in-fill development meeting the conditions described in this section.

- (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations.
- (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses.
- (c) The project site has no value as habitat for endangered, rare or threatened species.
- (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.
- (e) The site can be adequately served by all required utilities and public services.

Justification why Project is Exempt:

The proposed project only includes acquisition of land for future use as housing.

- a) The proposed project would not alter the project site compared to existing conditions. Therefore, the proposed project would be consistent with the applicable general plan designation and policies, as well as with applicable zoning designation and regulations.
- b) The project site is under the five-acre threshold at approximately 0.43-acre, and is surrounded by urban development in all directions.
- c) The project site is disturbed land under construction that offers little value as habitat for endangered, rare or threatened species. Additionally, the proposed project would not develop or alter the existing project site, and would not impact any potential habitat for endangered, rare or threatened species.
- d) The proposed project would only acquire the project site, and would not develop or alter the existing project site. Therefore, the proposed project would not result in any significant effects relating to traffic, noise, air quality, or water quality.
- e) The proposed project would not require utilities and public services because the proposed project would only acquire the project site. Additionally, the project site is located in an urban portion of the City and would be able to connect to surrounding utility lines and receive public services in the future if needed.
