

**Mitigation Monitoring and Reporting Program
Initial Study No. 8157
Amendment to Text No. 382
Unclassified Conditional Use Permit Application No. 3727**

Mitigation Measures					
Mitigation Measure No.*	Impact	Mitigation Measure Language	Implementation Responsibility	Monitoring Responsibility	Time Span
*1.	Cultural Resources	In the event that cultural resources are unearthed during ground-disturbing activities, all work shall be halted in the area of the find. An Archeologist shall be called to evaluate the findings and make any necessary mitigation recommendations. If human remains are unearthed during ground disturbing activities, no further disturbance is to occur until the Fresno County Sheriff-Coroner has made the necessary findings as to origin and disposition. All normal evidence procedures shall be followed by photos, reports, video, and etc. If such remains are determined to be Native American, the Sheriff-Coroner must notify the Native American Commission within 24 hours.	Applicant	Applicant/Dept of Public Works and Planning (PWP)	During project construction
*2.	Energy	The idling of on-site vehicles and equipment will be avoided to the most extent possible to avoid wasteful or inefficient energy consumption during project construction.	Applicant	Applicant/PWP	During project construction
*3.	Hazards and Hazardous Materials	To minimize and mitigate any nuisance and disease impact created by the project, the project proponent shall take all necessary steps and costs to prevent, reduce and eliminate sources of mosquito production; shall respond to requests from Consolidated Mosquito Abatement District (District) for actions to abate mosquito production on the property throughout the existence of the project; and shall provide the District unhindered access to areas where irrigation occurs for surveillance and control purposes.	Applicant	Applicant/ Consolidated Mosquito Abatement District	During the life of the project
*4.	Hydrology and water Quality	Prior to the issuance of any required permit or installation of any component of the Beneficial Re-Use of Title 22, tertiary-treated sewage effluent, the applicant shall meet with and obtain approval on the plans for each area from the California Regional Water Quality Control Board.	Applicant	Applicant/PWP	During project construction
