STATE CLEARINGHOUSE

**Subject: Review of the Mitigated Negative Declaration for Parcel Map #21-01;
Wise, Tehama County, State Clearinghouse Number 2022020585**

Dear Jessica Martinez:

The California Department of Fish and Wildlife (Department) has reviewed the Mitigated Negative Declaration (MND) for the above-referenced project (Project). The Department’s review of this Project is pursuant to our role as the State’s trustee and responsible agency for fish and wildlife resources under the California Environmental Quality Act, California Public Resources Code section 21000 et seq.

The Project is proposal to divide an existing 6.45-acre parcel into three separate parcels on a property at the end of Woodland Hills Drive, Tehama County.

The Department provided comments on the early consultation Project referral in an email dated March 23, 2021, and provided review of biological surveys. All identified concerns have been addressed in the MND; therefore, the Department has no further comment at this time. If the Project description changes in any way or additional biological resource information becomes available, the Department should be notified and provided an opportunity to offer comments regarding the updated information.

The Department appreciates the completion of surveys during the appropriate time of year to identify species of concern and the inclusion of measures to protect biological resources in the MND. If you have any questions, please email R1CEQARedding@wildlife.ca.gov.

Sincerely,
