#### PROJECT:

Title and Case No.: Zoning Code Amendment – Emergency Shelters  
P2022-0002-ZCA

Address/Location: City initiated

Project Description: Zoning Code Amendment to revise standards for Emergency Shelters, including the area designated for ministerial review.

---

APPLICANT: City of Culver City, 9770 Culver Boulevard, Culver City, CA 90232

---

#### CULVER CITY APPROVAL ACTION:

1. The City Council on February 28, 2022, approved the above-described project.

The decision-making body, in approving the project described above, determined that the project is exempt from further environmental impact assessment per the California Environmental Quality Act (CEQA) guidelines, pursuant to Section 15061(b)(3).

2. Reason why project is Exempt (brief):

The Zoning Code Amendment is considered exempt from CEQA pursuant to CEQA Guidelines Section 15061(b)(3), Common Sense Exemption, because it can be seen with certainty there is no possibility the Project will have a significant effect on the environment. The Project, by itself, does not result in any physical changes in the environment because it makes minor changes to certain development standards, replaces the area within which emergency shelters are permitted ministerially (through approval of a Zoning Clearance) with a different area with fewer parcels, and does not result in changes to existing land use, density, or intensification of development beyond what the Zoning Code currently allows. Further, any underlying project constructed under the parameters of the proposed Zoning Code Amendment, even if such project were discretionary, would be exempt under CEQA Guidelines Section 15301 (Class 1 – Existing Facilities Categorical Exemption).
