Project Title: HUCKLEBERRY ISLAND WATER MAIN REPAIR PROJECT

Project Applicant: SAN LORENZO VALLEY WATER DISTRICT

Project Location - Specific:

Northwest of the the junction of State Highway 9 and Pacific Avenue

Project Location - City: Brookdale Project Location - County: Santa Cruz

Description of Nature, Purpose and Beneficiaries of Project:

The proposed project is the repair of a water main that crosses the San Lorenzo River. On September 6, 2021 the SLVWD suffered a major break of a 12-inch main between the District's Felton wells and its Boulder Creek system. This main, generally referred to as the "HUD main", is the primary backbone used to move well water north in the summer and treated surface water south in the winter. After the 2020 CZU Complex Fires the HUD main is the only potable water source into the District's north system (Ben Lomond, Brookdale and Boulder Creek). The project is to implement permanent repairs to the water main to ensure potable water supply for these communities. The alignment of the new 12-inch main will make connection to the existing main east of Huckleberry Island and north of Pacific Street, run southward to Pacific Street (a private ROW) to the eastern corner of the Huckleberry Island bridge. sling 12-inch main north and west of the recent break location.

Name of Public Agency Approving Project: San Lorenzo Valley Water District

Name of Person or Agency Carrying Out Project: San Lorenzo Valley Water District

Exempt Status: (check one):

- Ministerial (Sec. 21080(b)(1); 15268);
Declared Emergency (Sec. 21080(b)(3); 15269(a));
Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
Categorical Exemption. State type and section number:
Statutory Exemptions. State code number:

Reasons why project is exempt:

Emergency repairs to publicly or privately owned service facilities necessary to maintain service essential to the public health, safety or welfare. Emergency repairs include those that require a reasonable amount of planning to address an anticipated emergency.

The District will conduct all construction outside of top of bank, riparian habitat, and out of the stream (San Lorenzo River).
