### Project Description

**Project Title:** San Timoteo Sanitary Landfill Enclosed Flare System Project

**Project Location:** The Project is located at the STSL located at 31 Refuse Road, in the City of Redlands, County of San Bernardino.

**Project Description:** The project consists of the construction and installation of a 2,000 standard cubic feet per minute low emission landfill gas enclosed flare and air blower skid for combustion of extracted landfill gas. The proposed flare has an approximate footprint of 14'x14' and the combustion air blower has an approximate footprint of 10'x18'. Work will include installation of equipment, piping, interconnections, electrical wiring and connections. In addition, a concrete pad will be constructed for the new flare and skid to sit upon and will be located adjacent to the existing concrete pad which will be decommissioned upon construction of the new flare.
